TRANSFORMING LIVES THROUGH EDUCATION

Did you know **1 in 5 students** are dropping out of school in Cambodia? With 50% of the population under 22 years of age, the drop-out epidemic prevents Cambodians especially in the rural area to break the cycle of poverty that is caused by the lack of education and employment options.

PeopleStories is a purpose driven charity and is committed to provide greater access to education for communities in need. Since early 2017, our feet-on-the-ground presence in rural Siem Reap has been making real, positive and enduring impact together with local communities. We are now serving 10 local schools and supporting more than 3,000 students and teachers. Our SchoolForLife program has since created amazing changes:
