My best friend

I have a lot of friends but there is one who is very special to me. Her name is Chan ry. She is 15 years old.

She is my best friend. She lives near my house. She is very good in studies. Her favourite subject is ^{an} English. Her favourite colour is black and favourite animal is ^{the/a} rabbit. She likes to eat Khmer noodle.

In her ^{spare time} spare time she enjoys reading story books and general ^{knowledge} knowledge ^{and} doing her home work. Chan ry and I are classmates.

We do many things together. We go to the library to borrow books to read, we practice speaking English and Khmer, and we buy something to eat together at recess time. When I do not know how to do my home work, Chan ry is happy to teach me.

We discussed finding a solution. Chan ry is an intelligent student but she is not ^{proud} proud. She always helps me and always speaks ^{the} truth. I am very fortunate that ~~x~~ I have a true friend.

A friend is ^{someone} someone with whom you can share your joys and sorrows and who is there to help in case of need. We always tell each other secrets in our hearts. When I am in trouble,

I always go to her for help. I never had any friend like ^{her} ~~him~~ ever before. She is a good friend of mine. She always shares good things with me.

My best friend Chan ry is friendly helpful and ^{kind} kind to me. I treasure this friendship and I think we will always be best friends.
