About PeopleStories

PeopleStories is a purpose-driven not-for-profit organisation. Our mission is to break the cycle of poverty in rural Cambodia by empowering children and communities through the power of education.

Many children cannot finish school due to family financial constraints. Shockingly, 1 in 5 (20%) children drop out of school, and 51% lack proper reading and writing skills when leaving primary school

Our Programmes

SCHOOL FOR LIFE

Multi-level scholarship programme that helps children complete school. It gives essential materials such as bicycles, school supplies, as well as life-skills workshops to enable effective learning.

MOBILE DIGITAL SCHOOL

We are the first to offer digital learning without the need of internet. The programme reaches rural schools and communities with greater digital literacy whom have never seen a computer before.

Impact We've Made

462

Bicycles provided for greater mobility & safety

978

Scholarships provided to access education

37,047

Digital learning hours provided to 1,885 rural children

Meet Sreymey

A Rural Girl's Life Transformed Through Education

In 2018, Sreymey learned about PeopleStories, which offers scholarships to disadvantaged children at her school. She applied for the School for Life scholarship program, a decision that has truly transformed her life.
